

## REMARKS

Applicants respectfully request that should additional fees or credits be associated with this paper, these additional fees or credits can be charged or credited to the undersigned Attorney's Deposit Account 10-0100.

Applicants' attorney wishes to express his appreciation to Examiner Mr. Joseph P. Martinez for the telephonic discussion of April 25, 2007. That discussion clarified that claim 25 was solely rejected on Section 112, 1<sup>st</sup> par. grounds because of the inclusion of the term "superfine", and claim 17 likewise suffered the same Section 112, 1<sup>st</sup> par. impediment.

Applicants have amended claim 1 to delete "superfine" and include the particle size qualifying limitation of allowable now cancelled claim 25.

This clarification of "superfine" contains no new matter or new issue that would require a further research of the art.

Applicants respectfully request entry of this amendment and favorable reconsideration of the claims now amended in form for allowance.

An early allowance is respectfully requested.

Respectfully submitted,

LACKENBACH SIEGEL, LLP
